

Winter Trail Access and Condition Update January 28th– February 5th, 2021

Winter Trail Highlights

- Winter storms have brought fresh snow to area SnoParks. There is generally good coverage and conditions on winter trails, with additional snowfall in the forecast. See inside for more details.
- Expect high use at all developed recreation sites. Have flexibility in your plans, as many sites are filling by mid-morning and there may not be a place to park. **DO NOT PARK** in an illegal or unsafe location. Wherever you go, be prepared for winter travel.
- Summer trails are a winter mix. Most are muddy and not suitable for use. See inside for more details.
- **TRAIL CLOSURE** in effect for multiple trails between Forest Road 4615 and Skyliner Road, including Lower Whoops, Pine Drops, EXT, and portions of Phil's and Storm King, due to thinning operations. See inside for more details.
- Many area roads are closed through April 1st including the Tumalo Winter Range and those designated as winter trails. Use a map or smart phone app to make sure you know where you are.
- Snowmobiles are not allowed in the Three Sisters Wilderness, Bend City Watershed, or the "Dutchalo" closure areas. It is the visitor's responsibility to know where they are.
- Through April 30th, dogs are prohibited on the north side of Cascade Lakes Highway, including Meissner, Swampy, Vista and Dutchman Sno-Parks.

Signs like these are used to mark some portions of the boundaries. However, not all boundaries are marked and it is ultimately the rider's responsibility to know where they are and to stay inside legal terrain.

Edison SnoPark on January 22nd. Extremely crowded conditions may lead to **FULL** parking lots. Plan ahead and don't park on the highway or in a way that blocks other vehicles.

SnoPark Conditions Table Coding:

Special area restrictions or notations relating to the table below are as follows:

- 1 = Area/trails closed to dogs except working dogs in harness on groomed snowmobile trails and only with a permit**
- 2 = Area open to dogs**
- 3 = Area/trails closed to motorized use**
- 4 = Vehicles with trailers limited to 40' overall length**
- 5 = High to extreme use with special area/trail restrictions, see sno-park information board, trail maps and area signing for full details. Very limited parking, try to avoid on weekends and holidays.**
